

NOTE TO FILE:

7/7/10

Spoke with Ship Island representative:

- at this time they are still going out
- fishing has been banned for the last couple of weeks
- have had some sporadic oil on the beach
- park service has not closed the beaches
- told them I would check with them closer to time (September 18<sup>th</sup>) and see where they stand
- if we are able to offer it, we will have people just bring their money to the dock when they load instead of taking in money and then refunding it
- sounded pretty bleak though
